

Garage number. _____

You have hereby been given 1 litre to paint the garage door.

Step by step guideline – how to paint the door

- 1. Brush and scrape off any loose paint.**
- 2. Spray the surface with «Uni rens 123» to remove algae and mold. The pressure sprayer is labelled with the number 1.**
- 3. Brush and scrub the surface with water.**
- 4. Scrape off any loose paint after scrubbing.**
- 5. Wash off the surface with clean water. The pressure sprayer is labelled with the number 2. Please do not use high pressure water.**
- 6. Paint with a paintbrush.**

*«Garasjelaget» has a pressure sprayer available which contains «Uni rens 123» (labelled 1), pressure sprayer for water **only** (labelled 2).*
